

# ISU GOLF PERFORMANCE CENTER

The **ISU Golf Performance Center**, located on a 16-acre practice golf course, is a unique environment designed specifically for the ISU men's and women's golf teams. The center includes six heated hitting bays, putting green, team lounge, locker room, club repair room, and simulation room.

This **quintessential barn** and grain bin complement the golf course and landscape that surrounds it. The barn area features **exposed timber frame** trusses accenting the space containing lounge areas and a kitchenette. The 72-foot wide grain bin allows golfers to chip and putt during all seasons.
